Activity 1

(Put a piece of blank paper over the three lines so that only the first four images are visible.)

Now look at these four pictures. One is different. Chocolate, a burger and an apple are food. You eat them. You don't eat a pencil. You write with it.

(Now, uncover the rest of the pictures.) **Now you tell me about these pictures. Which one is different? (Why?)**

(When students have finished, ask them about the music they like.) **Talk about the music you like.**
