## General review

Emily is on vacation in Singapore. Read her email to her friend, Olivia, and choose the correct answers.

Hi Olivia,

Jenny and I finally got here yesterday, after a flight that took (1) *forever / our time*! Neither of us got (2) *much / many* sleep, but we quickly forgot about that when we landed. Even after such a long (3) *travel / journey*, we just had to spend (4) *a little / a couple* of time looking around the airport. It's a fantastic place, with (5) *loads / a huge amount* of stores. We've decided that when we fly home, we (6) *'re getting / 're going to get* there really early so we have (7) *plenty of / several* time for shopping. Our flight (8) *will leave / leaves* at midnight, so we (9) *check in / 'll check in* much earlier than we need to.

Anyway, back to our arrival. To get into town we took the bus, which only cost (10) *a couple of / very little* Singapore dollars, and then walked to our hotel. It wasn't (11) *many / much* more than a kilometer, but even at night it was still hot and sticky, with (12) *no / none* cooling breeze from the sea. When we got to our room, we turned the air conditioning on high, then slept all night and (13) *almost all / all the whole* morning, too!

So here we are now, sitting in a lovely little bar, just (14) *putting / taking* it easy and planning what we (15) *'re doing / 're going to do* later. We're drinking fresh tropical drinks, of course, which cost much (16) *less / fewer* here than in the famous Raffles Hotel across from us, which seems to have (17) *enough / plenty* of tourists all the time.

Later, Jenny (18) *goes / 's going* shopping on Orchard Road, where (19) *much of / most of* the malls are, but with the Chinese New Year coming soon I think they (20) *are / 'll be* far too crowded this afternoon. Instead, I've put my name down for a tour of the Little India district, so I (21) *'m meeting / 'll meet* the guide at 3:30. Jenny and I (22) *go / are going* on a river cruise together tomorrow (though I'm not sure I really want to – a rough ferry crossing last year put me (23) *away / off* boats a little!). But the weather forecast says it (24) *isn't / won't be* windy tomorrow, so I should be OK. We (25) *'ll / are going to* see! By the time the cruise (26) *is / is going to be* over, I imagine we (27) *'ll have / 'll have had* enough sightseeing for one day, so perhaps we (28) *'re going / 'll go back to* the hotel for a rest before we (29) *sample / are sampling* the nightlife.

Anyway, I (30) *send / 'll send* this now – lots of photos to follow soon.

I hope all's well at home.

Love,

Emily
