Track 17 **Mid-course Test Recording 3**

- 1:** I work really long hours and usually get up at six every morning. I sometimes work seven days a week and if it's busy I have to work at night, too. When I get home I fall asleep as soon as I go to bed. I love my job, so I don't mind. I enjoy helping people and we have a great team at the hospital.
- 2:** I work from home, so I have to be very organised. I work best in the mornings, so I get up early and then work until lunchtime. I do all of my work on the computer, so I don't often speak to anyone which is quite lonely sometimes. I always have a couple of dictionaries on my desk as I work in French and German.
- 3:** Every day is different for me. I use my own car, so I decide when and where I want to work. I don't have a boss, so I'm free to do what I want. I enjoy driving, so I often work long hours, but I never work at the weekend. I like meeting people, so this is the perfect job for me.
- 4:** My parents had a small café when I was growing up, so I've always been interested in food. After I finished school I trained at a big restaurant in London which was really stressful, but it was the perfect start. We do very long hours because we're open until ten thirty at night, so I don't usually go to bed before one in the morning.
- 5:** People think it's an easy job, but it isn't. I look after two children aged three and four. I don't live with the family, but have to be there in time to give the kids their breakfast. They're too young to go to school, so we spend the day playing. When the weather's good we go to the park, so they can run around. I'm always exhausted when I get home.

- 6:** I work for a small company, Monday to Friday, nine to five. I like routine and am happy to do the same thing every week. Perhaps that's why I like maths ... there are no surprises. I know my friends think my job is boring, but I like finding ways to help people save money.

Track 20 **End of Course Test Recording 3**

- 1:** I can't eat anything with nuts, so I have to be really careful when I go out. I usually don't go to restaurants and prefer to cook at home because at least then I know what I'm eating. My friends all know though, so they cook special things for me.
- 2:** I get one almost every week and usually when I'm feeling stressed. I know when I'm going to get one and I just have to go and lie down and try to sleep for a while. It can be so bad that I feel sick as well. I try not to take any medicines as they don't really help.
- 3:** I took my temperature earlier today and it was over 37 degrees. One minute I'm hot and then I'm cold. They say you should just drink lots of fluids to bring the temperature down, so I'm drinking water and hot tea every hour.
- 4:** It was so silly really. I was cycling to work the other day and I fell off my bike. I put my hand out to stop the fall and that was that! Luckily it was my left arm, so I can still do things with my right, but it's not easy. The doctors say it'll be another few weeks before I can get on my bike again.
- 5:** I woke up this morning and found it really hard to swallow. I couldn't eat my breakfast and am now even finding it quite painful to speak. I just want to eat ice cream and drink cold water as everything else hurts.
- 6:** I slipped off the pavement while I was walking to work and fell. I can't get my shoe on at the moment, so am hopping round the house with my slippers on. I'm trying not to walk too much and am spending a lot of time lying on the sofa!
