GOING WILD!

Bear Grylls is a British TV presenter and an explorer. His real name is 'Edward'. When he was a child, people named him 'Bear' because he was quite big – and he wasn't very quiet! Luckily, he was also much friendlier than a bear! At school, Bear was good at languages, especially French, and he loved PE. But his main interest was geography.

Bear climbed Mount Everest in 1998, when he was twenty-three, and in 2003 he explored the icy Arctic. In 2007, Bear made a TV programme. On the programme, Bear travelled to hot, dangerous deserts and forests with only a camera. He didn't take any food, drink or tents! On the programme, Bear ate snakes, alligators, flies and frogs. He hated eating the insects! On future programmes, he's going to take his own food – and a stove!
