THE TOP OF THE WORLD

Last week I arrived home after a trip to Mount Blanc – one of the top ten highest mountains in Europe. There were fifteen people in our group, all school friends.

First we spent a few days walking in the valleys, and then we started climbing up. It was very hard work. After six hours, two of my friends became very tired, so they climbed back down to our camp. On the second day, while we were walking across some snow, one girl nearly fell off the side of the mountain – that was very scary!

We didn't go right to the top of the mountain, but it was an amazing trip. Next spring I want to go there again and get further up the mountain – and ski back down!

Mount Blanc is the world's highest mountain.
