### AN UNUSUAL HOME

A I'm Tim Theakstone and I live in a very unusual home in the UK. Most of my house is under the ground. The house isn't very big. It's got a small kitchen at the front and next to that is a living room, with two comfortable sofas. At the back of the house are the bathroom and the bedroom.

B I live here with my wife, Jenny. She's in the kitchen at the moment. I usually do the cooking, but Jenny's cooking today because I'm writing this blog.

C One good thing about being underground is that the house is naturally warm. It uses solar energy to heat water, and that works well. I also love the house because it's really beautiful. Friends love to visit us!
