drawn
cook, cooked, was/were
cooked
make, made, was/were
made
sing, sang, was/were sung
blow up, blew up,
was/were blown up
sign, signed, was/were
signed
tell, told, was/were told

Grammar Cards: Pages 41–60

Introduction

English Time Picture and Word Cards 6 is a collection of reproducible cards based on the language of *English Time* Student Book 6. It includes picture and word cards for all of the vocabulary words in the Student Book, as well as word and punctuation cards for all of the grammar patterns and exercises. The book is divided into two sections: Picture and Word Cards and Grammar Cards.

Picture and Word Cards

There is one picture card and one word card for each vocabulary word on the Word Time and Focus Time pages. The picture cards are featured on one side of each page with the corresponding word cards on the back of the page. The picture and word cards are the same size for easy photocopying and cutting.

Grammar Cards

There is one card for each word, phrase, and punctuation mark found in the grammar boxes and exercises within the Focus Time and Practice Time pages.

Making the Cards

Making *English Time* cards is extremely easy. Cards can be photocopied as is to make multiple sets for student use, or enlarged to make cards for teacher use. Additionally, single cards can be photocopied to replace lost or damaged cards.

Teacher Cards

Teacher cards are made by printing and enlarging the relevant Picture and Word Cards to a size appropriate for the activity. The cards can then be pasted onto a thick backing so that they will not bend when held up or placed on the boardtray. Alternatively, the cards can be laminated or printed directly onto thick paper.

Student Cards

Student Cards are made by printing the relevant page(s) of the Picture and Word Card Book and giving each student a set of cards to cut out and color.

Storing the Cards

Cards can be grouped by unit with a rubber band or paper clip and stored in boxes with unit dividers. Shoe boxes are ideal for storage, as are photo albums with pockets.

Using the Cards

The cards are an integral part of *English Time* lessons. They have multiple uses, several of which are described below.

Introducing and Practicing Vocabulary

Using picture and word cards is an excellent way to introduce and practice the target vocabulary words. Students understand the meaning of the target words without translation when they are presented by using picture cards. The word cards can be used to develop students' word recognition skills by providing exposure to written language.

Practicing Grammar

Grammar cards help students to become familiar with the basic grammar structures introduced in *English Time* Student Book 6. They can also be used to recreate the exercises on the Practice Time pages or to make new combinations dictated by the teacher.

Note: *English Time* Teacher's Book 6 includes detailed explanations of how to use the picture and word cards to teach the course.
