TAPESCRIPT

Radio presenter

Just before we finish the show, I'd like to tell you about an incredible event called *Teenage Years*. The event opened to visitors on the ninth of March and I went to the special evening tour on the eleventh. It's at the exhibition centre until the fifteenth of March. You're invited to visit three different areas: *Sports World*, *It's My Life* and *That's Entertainment*. In each area you can try different activities like rock climbing in *Sports World* or become a DJ for 30 minutes in *That's Entertainment*. In *It's My Life*, you can taste unusual food from all over the world. You really must try the delicious kangaroo burger – you won't be disappointed! I didn't enjoy the snake burger as much and I thought the shark burger was quite disgusting, so don't try that!

So how much does all this cost? Well, if you buy your ticket when you get there, it's £10 for adults and £8 for under-16s. But there's a special offer for those of you who buy your ticket on the internet. It's only £6 for under-16s. And here's some great news! They're giving away four tickets to the event. Just go to the webpage and do a search for the competition. You'll need today's password to enter when you're on the Friday afternoon show webpage and it's 'Teenage Years'. OK, that's all from me, Ben Hall ...
