It's hard work, but it's fun!

Posted by Lola O'Shea

At school, I do a lot of sports like rugby, badminton and hockey. I love football, but now I have a new favourite sport – underwater football! Do you know it? It's like football, but you play it in a swimming pool. There are two teams. Each team has got 13 players, with five players in the water. The ball isn't a normal football; it's big and heavy. In normal football, players don't use their hands to hit the ball, but in underwater football, they can use their head, hands or feet to do this. Players try to hit the ball into the other team's goal. The winning team is the team with the most goals at the end of the game.

I don't play underwater football at school, but I'm in a team at a club. We usually play every week, on Saturday. Underwater football is an exciting sport but it's hard work. I love it because I like football and I like swimming, too. It's really fun!

Do you love singing, acting or dancing? At a theatre school, young people learn how to become actors, dancers and singers. There are many theatre schools in the UK. One of the most famous is the Sylvia Young Theatre School in London. Children aged between 10 and 16 go there. There are about 250 students at the school. Famous students from the past include the singers Leona Lewis and Dua Lipa.

At the Sylvia Young Theatre School students study the same subjects as students at other secondary schools, like maths, history and science. Students also take the normal school exams at 16. They do these school lessons on Mondays, Tuesdays and Wednesdays. Then they do dancing, singing or acting classes on Thursdays and Fridays. There aren't any lessons on Saturdays or Sundays. You can also study at the Sylvia Young Theatre School in the holidays, and they do classes for adults, too.

The Great Fire of San Francisco

On 18th April 1906, there was an earthquake in the city of San Francisco. It was 5 o'clock in the morning and there weren't many people in the streets; most people were in bed. But it was a very big earthquake and people felt it in Los Angeles, more than 600 km from San Francisco. It destroyed many buildings.

But soon there was another problem. Many small fires started after the earthquake. At that time in San Francisco, the city was crowded and most old houses were made of wood. The fires moved quickly from building to building and from street to street. People didn't have water to stop the fire, and soon buildings all over the city were on fire.

The city burned for four days and it destroyed 28,000 buildings in the city. Around 250,000 people lost their homes and about 3,000 people died. After the fire, the people built a new city, with big streets and new houses.

TRAVELLING THE WORLD

Today, many people travel around the world. It isn't difficult or expensive. We know a lot about places that are far away. But in the past, it was very different. Read on to find out about two famous travellers from history.

Ibn Battuta was born in Morocco in 1304. When he was a young man, Battuta studied and never travelled far from his home in Morocco. But, when he was 21 years old, he left home and travelled for almost 30 years. He went to 44 countries, including India and China. He visited famous cities, such as Granada, Beijing and Cairo. Battuta wrote about his travels when he was an old man.

Ferdinand Magellan was born in Portugal in 1480. His parents were rich, but they died when Magellan was young. In 1505, he became a sailor and travelled to Africa and India. In 1519, he left Spain with five ships and crossed the Atlantic Ocean. The journey was very dangerous and they arrived in the Philippines about 18 months later. Only one ship returned to Spain. Magellan didn't have GPS and only used maps and the stars to find his way. He is famous for being the first man from Europe to cross the Pacific Ocean.

Last year I went to Granada with my parents. We flew there. It took three hours. We stayed in a hotel in the city centre. We went sightseeing and visited the Alhambra. It's beautiful! We ate some excellent fish and I tried gazpacho. It's a Spanish soup. I liked Granada a lot. We had a really good time.

READING

1 Look at the photos and the title. What do you think the article is about? Choose the best answer. Then read the article and check your ideas.

- A shopping for clothes
- B a fashion show
- C clothes and the environment

Fast fashion

Do you like fashion? Are you wearing new clothes? Do you buy new clothes every month? For many people, the answer to these questions is 'yes'. In the past, people didn't buy many clothes. They gave their old clothes to their brothers and sisters, or recycled them in the home. But today, many clothes are cheap. People buy clothes and they only wear them two or three times. They don't want them after two or three months. We call this 'fast fashion'. It's fun, but it's bad for the environment.

Everyone needs clothes, but how can you help the environment? Here are some ideas.

1. Don't buy many new things. Buy one good T-shirt, not six cheap ones.
2. Recycle your old clothes. We all have clothes at home that we don't wear. Some people sell their clothes online, or swap them with friends. You can give good clothes to a charity shop and send very old or damaged clothes to a recycling centre.
3. Buy recycled clothes and accessories. Matt and Nat is a company that makes bags. But the bags aren't made of leather – they're made of 100% recycled bottles! The company also uses cork and rubber for its bags.

You can love fashion and also love the environment!

2 Read the article again. Are the sentences right (✓) or wrong (X)?

- 1 In the past, people recycled their clothes. _____
- 2 It's now possible to buy many clothes without spending a lot of money. _____

I had a wonderful day yesterday! It was my 14th birthday and my parents took me to the fantastic new American restaurant in our town. Do you know it? It's next to the cinema. I had a burger and chips for my main course and I drank an amazing glass of lemonade that was made with fresh lemons! My mum had an omelette and a salad, and my dad had chicken legs. The restaurant is very popular. It was so busy! We had to wait to get our food, but that was OK. Everyone was very friendly and there was a band playing music!

The best part of the meal was dessert. I had chocolate cake. My mum had fruit salad and cream, but Dad didn't have anything. At the end of the meal, the manager came over to our table. 'Happy birthday, young man,' he said. 'Would you like your present now?' Do you know what my present was? My meal! My parents didn't have to pay for it! We were all very surprised. It was a brilliant evening.

READING

1 What can we use very small computers for? Choose the best answer(s). Then read the magazine article and check your ideas.

- A finding lost objects C helping doctors
B watching films D doing homework

The smallest computer in the world

Computers are smaller and smaller every day. The smallest computer in the world is like a grain of rice. It is only 2 mm long. It's called a micro-computer.

1

Because they are useful for doing many different things. Doctors can put one inside a person's body and it can tell them the temperature of part of the body or it can take photos so they can see what is happening inside the body.

These micro-computers can also help us find things. Imagine you can't find your door key or your smartphone. You can put a micro-computer on your key or smartphone and the computer can tell you where your key is. Amazing!

2

They use electricity made from light so they only need a very small battery and they are very cheap. They aren't heavy so you can put them anywhere you want, in clothes, in water or even on an animal.

3

They don't have a screen or a printer, so when you want to look at pictures or print information, you connect them to a different machine. You can't watch films or use them for your homework either!

2 Read the article again and match the questions to the paragraphs (1-3).

THE FITTEST

member of my family

My cousin Alex is 18 years old. She runs three kilometres every morning before school, she cycles to school, she swims in the school swimming pool at lunchtime and then she cycles home after school. Can you believe it?

That's not all! On Saturdays she enters races. These are special events called 'triathlons'. In triathlons, the athletes have to swim, cycle and run a very long way. Alex is very good at triathlons. Last year, she won six events, finished second three times and third four times. Alex wants to be in the Olympics when she's older.

Do you want to keep fit? Alex has lots of good advice. 'Don't think about it, don't talk about it, just do it. Oh, and don't do any exercise on Sundays. Have a rest that day. I always do. It's very important to have a rest.'

I'd like to be as fit as Alex but I can't run fast and I'm not good at swimming. However, I am good at skateboarding. Maybe I'll go to the Olympics ... but only to watch my cousin!

2 Read the article again and answer the questions. Write complete sentences.

A great place for a
family
day!

Bekonscot Model Village is nearly 90 years old. It's the oldest model village in the world and it's amazing. There are lots of different things to see there. They all look real but of course they are very small!

One place is a zoo with model giraffes and chimpanzees. There are model people looking at the animals in the zoo. Another place is a town next to the sea with a beach. Model children are playing in the water and other people are walking on the sand. There are streets where you can see cars and buses and traffic lights. The traffic lights change colour and the cars move! The main street has lots of shops – with model people inside the shops and on the street. You can look in the shops and see what they are selling.

There is a train station next to the town with little trains that go around the village, across bridges or through tunnels. There is also a mountain and you can watch people climbing it. My favourite place is the castle. It has a king and queen – they are standing at the entrance waving.

You can stay in the model village all morning and then have lunch in a café next to the village. The food is very good – it's real food!

2 Read the article again. Are the sentences right (✓) or wrong (X)?

Strange stories

Many years ago, when she was nearly ten years old, Laura Buxton was playing in the garden with a balloon. Her family were having a party. She wrote a message on the balloon: 'Please return to Laura Buxton' and her address. It was a windy day and suddenly the balloon flew out of her hand and into the sky. This balloon travelled more than 200 km until it came down near the garden of another little girl. A man found the balloon, read the message and took it to her house. This girl was very surprised to see the message because her name was Laura Buxton too! And she was just ten years old.

The second Laura wrote a letter to the first Laura and then their parents telephoned so they could meet. When they met, the girls noticed that they were both wearing pink jumpers and jeans, both girls were also tall and thin and had long brown hair and brown eyes. They were amazed! They talked and found they had the same pets – a three-year-old black dog, a grey rabbit and a guinea pig. They became good friends. Now they are older and they are still friends. Tom's Cartoon
BLOG

I like watching cartoons very much. My favourite cartoon is *The Simpsons*. It's very funny. *The Simpsons* is a famous American TV programme and I am a very big fan of it. It's the story of a family in a small town in the United States. Homer and Marge are the parents of three children, Bart, Lisa and Maggie. Lisa is my favourite because she's very clever, but Bart is fun too. Maggie is a baby. She doesn't talk at all.

In the UK, you can watch *The Simpsons* on Channel Four. It's on TV every night. I often watch it with my brother and sister. We can also watch every programme on demand and we like to watch them again and again. I sometimes stream episodes on my tablet because I have homework in the evening, so I watch them when I finish, or the next day.

Last week, I had a big surprise. I met Lisa Simpson! Yes, really! My mum has a Spanish friend and she came to visit us at home in England. She's an actress and her job is doing the voice of Lisa Simpson in Spanish. My mum's friend is an adult, but she can speak with a little girl's voice. It was very funny to listen to her! Last week we interviewed three students. We asked the question: *What are you reading today?* and we got some interesting answers.

Ethan likes action and adventure stories. He read *I am Number Four* by Pittacus Lore last summer because his parents gave it to him for his birthday. He loved it, so now he's reading the next book about the same characters, called *The Power of Six*. There are six books in total and they are about a group of young people with special powers. They come from another world. It's a fantastic book and a great story. Ethan wants to read the other four books, too.

Alyssa doesn't like reading books very much, but she loves bike magazines. She's a big fan of cycling. She loves riding and watching it on TV, so this week she's reading *Cycle Week*. It has all the information about new bikes and the important riders in the Tour de France. She doesn't buy the magazine because it's expensive, but her uncle lends it to her after he reads it.

Lily says, 'I read everything!' She gets one or two books a week from the library. She reads every night before she goes to sleep. At the moment she's reading *The Dragonfly Pool* by Eva Ibbotson. This is about a girl called Tally and her adventures in a country called Bergania. Lily thinks it's brilliant because it's about good fighting against bad. Can you guess who wins? You should read the book to find out!

2 Read the article again and answer the questions.

- 1 Where did Ethan get *I am Number Four* from?
- 2 Where do the people in Ethan's book come from?
- 3 What is Alyssa's favourite sport?
- 4 Why doesn't she buy *Cycle Week*?

TeenInk — FOR THE BEST BOOKS

This website is great because teenagers write the reviews. Some of them are really interesting but others are boring. There are also reviews of films and music. Last week I wrote about a brilliant film called *Coco*. It's fun to see my own writing online! Why don't you try to write a review there, too?
