.....
Can I try some, please?

5 Write sentences to describe the unusual foods using the words in brackets.

The Unusual Food Blog

- In Thailand, it's common to eat fried insects. They often taste meaty, crunchy and salty, and can sometimes be spicy too.
- In France, you can eat *steak tartare*, which is raw minced beef mixed with onions, salt and pepper.
- Tuna fish eyes are popular in Japan. They look horrible to eat, but adding some sweet soy sauce can take away the bitter taste.
- In Sweden, a type of fish called sea herring smells so disgusting that it's eaten outdoors!
- A dessert in Alaska sometimes called 'Eskimo ice cream' mixes fish with berries and sugar. Now, that would be a strange sweet and sour taste!

- 1 fried insects (taste)
They taste meaty, crunchy and salty.
- 2 'Eskimo ice cream' (frozen)
.....
- 3 Steak tartare (raw)
.....
- 4 Sea herring (smell)
.....
