anything	anywhere		

So I bought a new phone, but honestly it isn't <sup>1</sup> any better than my old one. I mean, does <sup>2</sup>                      really need a thousand megapixels? I've decided: after this, I'm not going to spend <sup>3</sup>                      money on phones. They can be so annoying. At concerts, at the beach, even in the cinema ... people can't go <sup>4</sup>                      without looking at their mobile phones. I really don't think there's <sup>5</sup>                      interesting to see on a screen. It's sad. No one looks up at the sky <sup>6</sup>                     .
