Speaker 1

My favourite possession has to be the present my parents gave me when I passed my exams last year. I wasn't expecting anything, which is why it's so precious to me, even better than the present my boyfriend gave me. I know

we shouldn't wear jewellery to school but I wear it under my blouse so no one can see it.

Speaker 2

My last holiday was brilliant. It was the first time I went away with friends and not with my family and the first time I flew in an aeroplane. We spent a lot of time by the sea and even went on a boat to visit the local islands. It was quite scary because the waves were huge but it was OK in the end.

Speaker 3

This summer my parents rented an apartment on the beach. We spent two weeks sunbathing, swimming and basically relaxing. It was fantastic. My dad's a really good cook, so he prepared some great meals with locally caught fish while mum had to wash all the dishes.

Speaker 4

I don't think wild animals should be kept in zoos. They need space and freedom. We went on a school trip to our local zoo last week and I got really upset when we saw the dolphins doing a show. I know they look as if they're enjoying themselves but I'm sure they aren't.

Speaker 5

I really love it when my cousin David comes to visit us. He always makes my sister and me laugh with his crazy jokes. Some of them are a bit weird but he and I have the same sense of humour, so I spend most of my time laughing when he's around.
