TAPESCRIPT

Speaker 1

Most of my friends spend their free time online or playing computer games but I prefer to be outdoors with my camera. I love taking pictures of trees and animals. I know it sounds crazy but I enjoy being on my own so it's the perfect hobby for me and I hope it'll be my job one day!

Speaker 2

The most difficult thing about learning English? Well, that's easy to answer. It's not the grammar or vocabulary. No, it's the spelling. We have tests every week but I still make a lot of mistakes. I think it's because there aren't any rules when it comes to pronunciation, so you just have to learn it.

Speaker 3

My sister fell off her bicycle last week and she had to go to hospital as they thought her leg was broken. Luckily, it wasn't but she can't really walk at the moment. She's always busy and doing things so she doesn't like being at home on the sofa all day, but at least she can study.

Speaker 4

Our last camping trip almost ended badly! We didn't take enough food and water with us and we forgot to take the map. Luckily, I had a compass, so I was able to get us back to the tent. By then it was already dark and quite scary and we were really hungry!

Speaker 5

It's just not fair! Every weekend I have to help Mum with housework while my sister goes out with her friends. I usually do the dishes after supper too. And what does Mia do? Well, she doesn't do anything. She just makes a mess or sometimes she'll make Mum a cup of tea, but that's only when she wants something.
