An interesting place I know is the science museum in my city. It's in the west part of the city. It's interesting because there are lots of different things to see. It's very popular with tourists and the building is beautiful. It's a very modern building. I went there last month and I really enjoyed it. The museum has got a good shop, too. I bought a notebook and some pens there. I went there by bus. I'm going to go back soon.

This picture shows a city. I think it's somewhere in Asia – maybe Hong Kong or a city in Japan. There are a lot of tall buildings. The tallest building is in the middle of the picture. The other buildings are smaller. There is some water in the picture, too. I think it's the sea but maybe it's a very big river. Some people are walking near the water. They are looking at the buildings and taking photos. The weather is nice – it looks warm and sunny.

Example answer:

I can see a town with some tourists in this picture. I think it's in Europe. There are some traditional buildings in the picture. The building on the right is bigger than the one in the middle. There are some boats on the river, too. People are sitting in the boats and one man is standing. They are looking at the nice buildings. I can also see lots of trees and some flowers. The town looks very beautiful. The weather is warm and sunny.
