Example answer:

In my city, we have a big food festival in the summer. It happens in August and lasts for one week. Usually my city isn't very busy, but many people come here for the festival. People go to restaurants and eat lots of fish and prawns. They also eat a special dessert made from yoghurt. Many people come to the city to eat the food. My family always goes to the same restaurant because the food is very famous there. My favourite thing is seeing so many people eating and having fun.

Example answer:

In this picture, I see a river and some buildings and lots of people. I think it is a big city maybe somewhere in Europe. There are boats on the river. Some of the boats are like animals. I think the boats are different colours like the animals. I think this is a special festival. The people have special clothes. There are lots of people watching, too. I think they like looking at the boats on the river and I think this festival is very popular with everyone in the city.
