##### Ex 6

Example answer:

Dear Mr Smith,

We are writing to you with a proposal for the open space in the town, which we would like you to consider. Our proposal would be to use the space for a park and leisure centre.

The park would feature a lake in the centre with trees and a wildlife area. With so much traffic in the town centre, the residents are badly in need of a clean, green space. The trees in the park would also help reduce the town's carbon footprint.

We would also propose building a leisure centre because there is a lack of leisure facilities in the town. The leisure centre would include a range of sports facilities as well as rooms which could be used by clubs and societies. We would recommend that the leisure centre uses sustainable energy such as solar power. We would like to assure you we have spoken to the town's residents who are keen on our proposal.

I hope you will consider our proposal. If you require any further information, please feel free to contact us. We look forward to hearing your response.

Kind regards,

### Part C

#### SPEAKING

##### Ex 1

- 1 Have you ever been to a music festival?
- 2 What do you do to relax when (you're/are) feeling nervous?
- 3 Can you tell me about a good book that you've/have read?
- 4 What are the most popular TV programmes in your country?
- 5 Have you done anything to reduce your carbon footprint?

**Ex 2**

Example answers:

1 *(Have you ever performed in front of an audience?)*

The only time I performed in front of an audience was when I was at school and I played Aladdin in the school play.

2 *(What's/is the latest you've/have stayed up watching TV?)*

I often watch TV until 1 a.m., but once I stayed up all night binge-watching a series called 24.

3 *(Could you tell me what sort of music you like listening to?)*

I usually listen to rock music, but sometimes I listen to classical music, too.

4 *(When was the last time you came up with a good idea?)*

I think it was when I made a proposal at work and my boss was pleased with it.

5 *(Have you ever found it difficult to get your message across to someone?)*

Sometimes it's hard to get some messages across to my children because they don't listen.

**Ex 3**

Example answer:

In this picture, I can see a group of people who seem to be at a protest. There are around eight people in the picture, but I reckon there are more people behind them. It must be a protest about climate change because they're holding up signs about saving the trees and pollution. The people look quite angry because they're holding their arms in the air. There's also a woman at the front of the picture who's shouting into a kind of microphone. I imagine she's probably the leader of the group and the other people are following her instructions.

I went to Glastonbury Festival when I was younger, but I haven't been to any recently.

I try to focus on my breathing or I go for a walk to calm down.

I've just read a book called *The Promise*. It's about the lives of different members of a family in South Africa.

- 4 *(What are the most popular TV programmes in your country?)*

They're probably the gossip programmes where people talk about the lives of famous people.

- 5 *(Have you done anything to reduce your carbon footprint?)*

I try not to use my car because it causes emissions and I recycle as much as I can.

### Ex 3

Example answer:

This picture shows a group of young people who seem to be at a concert or festival. There are some flags in the background and the people are wearing bright clothes. Also, they're all wearing those bracelets which you have to wear at those sorts of events. The people are quite young and they all look really excited. They're smiling and they've got their arms in the air. I reckon they're watching a really famous band or something. Most of them seem to be holding up mobile phones so I guess they're trying to take photos of the band to show to their friends.
