Ex 6

Example answer:

Dear Mr Smith,

We are writing to you with a proposal for the open space in the town, which we would like you to consider.

Our proposal would be to use the space for a park and leisure centre.

The park would feature a lake in the centre with trees and a wildlife area. With so much traffic in the town centre, the residents are badly in need of a clean, green space. The trees in the park would also help reduce the town's carbon footprint.

We would also propose building a leisure centre because there is a lack of leisure facilities in the town. The leisure centre would include a range of sports facilities as well as rooms which could be used by clubs and societies. We would recommend that the leisure centre uses sustainable energy such as solar power. We would like to assure you we have spoken to the town's residents who are keen on our proposal.

I hope you will consider our proposal. If you require any further information, please feel free to contact us. We look forward to hearing your response.

Kind regards,
Manus Connolly

Part C

SPEAKING

Ex 1

- 1 What do you do to relax when you're feeling nervous?
- 2 Can you tell me about a good book that you've read?
- 3 What are the most popular TV programmes in your country?
- 4 Have you done anything to reduce your carbon footprint?

Ex 2

Example answers:

1 (*What do you do to relax when you're feeling nervous?*)

I try to focus on my breathing or I go for a walk to calm down.

2 (*Can you tell me about a good book that you've read?*)

I've just read a book called *The Promise*. It's about the lives of different members of a family in South Africa.

3 (*What are the most popular TV programmes in your country?*)

They're probably the gossip programmes where people talk about the lives of famous people.

4 (*Have you done anything to reduce your carbon footprint?*)

I try not to use my car because it causes emissions and I recycle as much as I can.

Ex 3

Example answer:

In this picture, I can see a group of people who seem to be at a protest. There are around eight people in the picture, but I reckon there are more people behind them. It must be a protest about climate change because they're holding up signs about saving the trees and pollution. The people look quite angry because they're holding their arms in the air. There's also a woman at the front of the picture who's shouting into a kind of microphone. I imagine she's probably the leader of the group and the other people are following her instructions.
