1 point for each correct answer.

Total 7 points / 7

Reading

9. Read the messages. Circle T (true) or F (false).

Martin: Hi, Carol! My friend Colin is going to come to my house tomorrow. If the weather's good, we'll go to the beach. Maybe we'll go surfing. Would you like to come with us?

Carol: I'd love to, Martin, but I'll probably stay home tomorrow. I have lots of math homework!

Martin: I have an idea. Come to my house in the morning. Bring your books. I'll help you with your homework. I love math! If you come early, we'll finish your homework before lunch. We can go to the beach in the afternoon.

Carol: OK. I'd love to go, but I don't have a surfboard.

Martin: No problem. I only have one surfboard, but my brother has an extra one. You can use it.

Carol: That's fantastic! If I can use your brother's surfboard, I'll definitely go surfing with you. But what about the weather? What'll we do if it rains?

Martin: Well, it's sunny today, and it'll probably be sunny tomorrow, too. If it rains, we won't go to the beach. Maybe we'll take the bus to the mall. But don't worry. We'll have a great time! Come at about ten o'clock.

Carol: OK. I'll definitely see you tomorrow morning. And say thanks to your brother for the surfboard. I'll definitely bring a present for him!

1. Martin will be at Colin's house tomorrow. T / ☒ F
2. It will definitely rain tomorrow. T / F
