a think b to think c thinking

____/5

Reading

7 Read the text and answer the questions.

Good morning and here's the 8 o'clock weather on Thursday. Floods damaged more than 1,000 homes in the Broadstershire area last night. This was after Storm Amber brought a lot of rain, thunder and lightning. The weather caused the River Punzel to rise by 2 metres. This is the maximum height the river has reached since 2014, when it reached 4.8 metres. More bad weather is coming. We have a very windy start to tomorrow morning, so be careful in your cars. It's important for cyclists to be careful on the roads, too. They also expect fog and heavy rain to arrive on Saturday. This will be especially hard for people in the west of the country because it brings even more flooding. The government is telling people to stay upstairs in their homes and take food, water and power banks with them. Then call 999 for help. When things have improved, people can call 161987 to offer to help others.

- 0 How many homes did the floods damage?
more than 1,000
1 Where did the recent flood happen?

2 How many extra metres of water did the river have?

3 Apart from drivers, who needs to be careful?

4 Where do they expect more flooding?

5 What is important for people to take with them to the top floor of their house?
